Please Contact Us Before Returning Our Products!

- All of our products have been tested before packed, but if any parts are missing or damaged, please contact us, we will reply to you ASAP.
- When replacing parts or hardware, please log in to your account and message the seller. It will be better to include applicable photos or provide the part number and quantity.

PLEASE READ BEFORE ASSEMBLY

★ Read Before Beginning Assembly

- 1. Clear the area:** Assemble in a spacious area near the product's final location, preferably on a carpet or protected surface (like the product's cardboard packaging) to safeguard both your floor and the product.
- 2. Recommended assembly team:** It is recommended that at least two people assemble this product. Having an extra hand can make the process easier. Estimated assembly time is 30 minutes.
- 3. Check for all parts :** Most parts are labeled or stamped on the raw edge. Ensure all parts are included before starting.
- 4. Read each step carefully:** Follow the assembly steps in the correct order. Skipping steps or changing the sequence can lead to difficulties.

★ Caution

- 1. Choking hazard - small parts:** This product contains small parts. Keep out of reach of children.
- 2. Do not use power tools:** Power tools can strip or damage parts and void the warranty.
- 3. Important:** Do not full tighten any screws until the entire assembly is completed. This allows for proper alignment and adjustments during the assembly process. Tightening them all at the end will result in a more stable structure.

★ Warranty Information

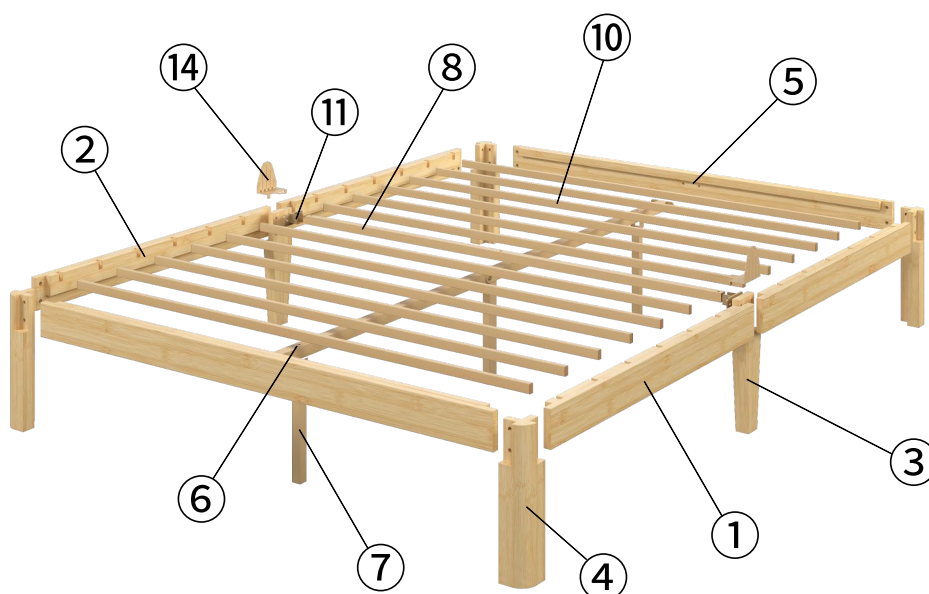

1. This product is warranted against defects in materials and manufacture for 5 years from the purchase date (proof of purchase required).
2. This warranty covers the repair or replacement of defective parts only; assembly labor is not included.
3. This warranty does not apply to product that has been improperly assembled, subjected to misuse or abuse, or altered or repaired in any way. Liability for consequential damages is excluded to the extent permitted by law.

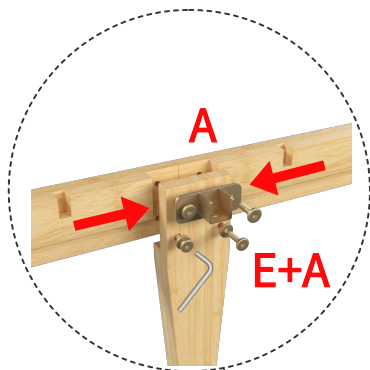

- ★ 1. This page lists all the items included in this package. Please identify the hardware and individual components before beginning assembly.
2. Only the numbered parts shown above are included for this model. Any skipped part numbers indicate that component is not needed for this bed frame.

Step 6

Installing the Center Support Bar

1. Attach the center support bar ⑧ to the center support rail ⑥ using bolt (D).
2. Secure the connection between mattress gasket ⑭ (optional part), center support bar ⑧, and slide rail connector ⑪ using bolt (A).
3. Pull the two bottom claws of the retainer outward to fully seat against the side rail, then tighten the screw to avoid wobbling.
4. After installation is completed, tighten all the bolts.

★ Note: Ensure all connections are properly aligned before final tightening. This step is crucial for the bed's stability. The mattress stopper ⑭ is optional--install it if needed, or skip this step.
